Delightful weather Sunday.  
The municipal hall has been set to rolling. Next!

Nashville has another cheap excursion to the Atlanta Exposition this week, the fare being \$5.85, for the round trip.

Chief Justice Jas. C. Dickson arrived in Nashville Sunday, to be present at the opening of the Supreme court yesterday.

This is Planter's week at the Atlanta Exposition, and will be one of the most interesting of the entire exposition.

The members of the Mississippi Press Association passed through Chattanooga Sunday on their way to the Atlanta Exposition.

Prof. Frank Goodman, of Goodman's Business College, was elected secretary of the State Teachers' Association at Columbia last week.

Nashville had 27 deaths last week, 10 white and 11 colored. There were 12 births. In Memphis there were 23 deaths, 17 white and 16 colored.

Three colored individuals were fined \$50 each and sent to the work-house by the recorder of Nashville, the other day, for stealing coal from yards.

W. A. Richardson, colored, a faithful and efficient member of the Chattanooga police force, died last week. He was a Mason and member of the Immortals.

Isaac Burgess and Eliza Hill, both colored, were sentenced to the penitentiary at Chattanooga last week, the former for seven and the latter for five years for robbing.

The postoffice at Seawance was burglarized Friday night. A small amount of change was taken from the money drawer, and a number of letters opened. The burglar was arrested Saturday.

Greenville News: Mr. Ben. Anderson, we understand, sold 20 head of three year old steers on last Monday for the sum of \$600. The finest car of cattle that has left this market for some time.

A lot of about 400 cords of tan bark belonging to John Cummings was destroyed by fire at Whiteside station, near Chattanooga, last week. It was valued at \$2,500 with \$2,000 insurance.

An educational institute will be held at Chipping's hall in Chattanooga, commencing next Thursday evening. The opening address will be made by Rev. W. S. Doak, State superintendent of public instruction.

Uncle Jimmie Compton, the well known and faithful carrier of the Chattanooga, had the misfortune to lose a fine large double ladies' shawl from his saddle, in Market Square a day or two since. He left his pony, on which the shawl was standing, at the corner of the market house for a few minutes, and the pony wandered through the crowds for some distance, but when Mr. Compton came up with him the shawl was missing and could be found nowhere.

#### The Mayoralty.

Mel. H. Dickson, Esq., is the first Richmond in the field for mayor. He has served as a member of the City Council, and distinguished himself as vigilant, careful, active and faithful, in whatever in his opinion pertained to the interests of the city. He would doubtless display the same qualities as the city's chief magistrate. We have heard of other candidates but they have not formally announced yet.

#### Educational Convention Postponed.

We are requested by County Superintendent W. C. Gibbs, to announce that the Knox County Educational Convention will not be held in December, owing to his illness.

#### Stampa, Stencil, Etc.

Mr. D. Baumgarten, of Cincinnati, has an announcement in another column to which we desire to call attention. Mr. Baumgarten is a first-class workman and thoroughly understands his business, and orders sent to him will receive prompt attention and satisfaction guaranteed.

#### Educational.

Mr. Entwistle—We had a meeting of citizens of the Fourteenth district of Knox county at Union Hall this evening, in the interest of education. The weather was unfavorable, but quite a number of earnest workers were out, and made speeches favoring the establishment of a graded school in this district. It would be unjust to state who made speeches, for all contributed by their presence speeches, longer and more earnest than I am able to express.

### A HORRIBLE DEATH.

Ben. Bogart Run Over and Killed at Chattanooga.

Chattanooga Times, Monday: Yesterday morning about 3:30 o'clock railroad employees of the W. & A. discovered the remains of a white man under a car which had just been moved, and at once notified the police. They at once summoned Squire Leigh to act as Coroner, and an inquest was held with the following as jurors: Ed. Glasgow, C. C. Kirk, W. A. Henderson, W. J. Moore, H. Bingham, N. G. Hillman, and W. J. Johnson. The jury examined the clothes of the man and found in one of the pockets a letter addressed to "B. S. Bogart, Chattanooga, Tennessee," and by its contents it appeared to have been written by his mother. It was postmarked Knoxville. Nothing else was found in the pockets except a few trinkets. After examining into the facts the jury decided that "deceased, whose name they believed to be B. S. Bogart, came to his death by cars and engine of the Western and Atlantic Railroad. The remains were then given in charge of Mr. J. J. Johnson, to be given a decent burial, and when they were placed in the coffin a friend of the deceased identified them as the remains of Bogart, and took charge of them.

Bogart came to Chattanooga from Knoxville several months ago, and was employed at the Powell Iron Works. He was addicted to drinking, and frequently became intoxicated. Saturday night he was seen at Coughlin's saloon in a drunken state, and the police were notified to watch him to prevent his reeling among the moving trains in one of the railroad yards. The supposition is that he wandered about 2 a. m. into the W. & A. yard, and after stumbling in the darkness laid down under a car to protect himself from the rain, just in the rear of the W. & A. depot, and pillows his head on the rail full asleep. The train was moved shortly afterwards, and at its first motion he was thrown down. His head was violently severed from his body and slid along the track for several yards, the skull being mangled in a horrible manner, and the track shewn with brains and flesh for several feet. His feet were also severed, but the trunk was not injured. The obstruction of his body and the slick track threw the car from the rail, and it was from this cause that the accident was immediately discovered.

Ben was a young man who formerly worked in this city, and his mother's family reside here. His terrible death is a sad affliction, and they have the sympathies of all in their bereavement.

"Indiana Department," Washington, D. C. I am anxious to introduce Dr. Bull's Cough Syrup among my Indians, having used it myself for several months, and think it one of the finest remedies I ever found. I assure you, it is the only thing that ever relieved me of a protracted cough, brought on by exposure while on the Sioux Commission last year.

#### Feeble Ladies.

Those languid, tiresome sensations, causing you to feel scarcely able to be on your feet; that constant drain that has taken from your system all its elasticity; driving the bloom from cheeks; that continual strain upon your vital forces, rendering you irritable and fretful, can easily be removed by the use of that marvelous remedy, Hop Bitters. Irregularities and obstructions of your system are relieved at once, while the special cause of periodical pain is permanently removed. Will you heed this?—*Chicagoland Saturday Night.*

### Miss Claire Scott's Farewell.

The Claire Scott combination gave a splendid matinee yesterday evening at which the thrilling drama of "Leah" the Jewish outcast, was produced with fine effect, and Miss Scott displayed wonderful dramatic powers.

Last night a delighted and highly appreciative audience witnessed the creation of the great and difficult character of "Camille," by Miss Scott and the company, and the character was portrayed in a manner that has never before been excelled on our stage. Her acting was honest, thorough, and wonderfully realistic, and she displayed wonderful versatility, and real talent, in the admirable assumption of the diversified roles requisite to the rendition of the piece, and the exhibition of emotions so true to life and real. In fact Miss Scott's "Camille" is beyond controversy a magnificent piece of stage work, rarely to be excelled. She has thoroughly established herself with Knoxville audience lovers as an emotional and tragic actress of really superior merit, and her star is in the ascendant. She was most heartily applauded and called before the curtain, both afternoon and night, and acknowledged the compliment with much grace. Mr. Frank J. Filling, the manager and proprietor, has placed our playgoers under many obligations to him for affording them an opportunity to appreciate real talent. He and his excellent company will be ever gratefully remembered, and will receive a hearty welcome whenever they return.

SEEKERS AFTER HEALTH. Unfortunately, many are seeking to renew their health, are many. So often have they been deceived by the advertisements of worthless compounds, that many are discouraged, and refuse to believe anything they read in the papers. Therefore, the best advertisement of a really good medicine is its reputation it has gained in places where it is being sold. No other remedy ever discovered has grown so rapidly in public favor as this true medicinal tonic called Brown's Iron Bitters. In localities where its extraordinary merits have become fully known and realized by those who have been in ill-health, the sale is unprecedented. One druggist in our city reports the sale of 238 bottles in one week. It is, indeed, a wonderful, health-giving, life-sustaining preparation. It is soothing and refreshing in its effect, and strengthens every part of the body, and creates healthy appetite and digestion, even when the system is almost destroyed by the many harmful cathartics so commonly used. Reader, beware! It demands that you try Brown's Iron Bitters, if your health is poor from any cause.—*Exchange.*

Alderman Tucker, Boston, says you may state that I have paid for medicine, treatment in 20 years \$5,000, without receiving permanent benefit. Entirely cured of disease (salt rheum) by Cuticura Remedies.

When a lecturer has worked the ladies of his audience so near to the weeping point that they have gotten out their handkerchiefs, and then suddenly changes his tone and speaks of the merits of Dr. Bull's Cough Syrup, he is bound to rouse a feeling of indignation.

Mr. William R. Seymour, of Columbus, O., writes: "I attended a course of lectures several winters ago at the Ohio Medical College of Cincinnati, O. There I was taught that Iron is a prominent element in the physical organism of mankind; without it life is an impossibility. A vast per centage of the diseases and premature deaths to which the race is subject, is caused, or at least made possible by a weakening of the body in consequence of a lack of Iron in the blood. Having suffered from ill health, poor digestion and urinary troubles ever since I recovered from typhoid fever, complicated with malarial fever, I determined to give Iron a trial. From investigation I learned that Brown's Iron Bitters were the best, and that they did not blacken the teeth, so I concluded to make use of them. They have acted like a charm. I never before felt so robust, hearty and strong."

The University Green House. Well filled with a choice assortment of rare plants, is now open at all hours of the day to the public. Cut flowers, bedding, foliage, and flowering plants for sale. Prices moderate. For a torpid Liver there is nothing better than Tate Spring Water. For sale at Peter Kern's.

In this frame of mind I got a bottle of Hop Bitters and used them unknown to my family. I soon began to improve and gained so fast that my husband and family thought it strange and unnatural, but when I told them what had helped me, they said 'Hurrah for Hop Bitters! long may they prosper, for they have made mother well and us happy.'—The Mother.—*Home Journal.*
